## Big Explosive Front-line Views, Sweet & Petite Contemporary Cottage Living By Th

Totally transformed, there's not an inch of this property that hasn't been re-styled, refreshed and re-defined for the very best twilight years lifestyle living.

Never meant to be the biggest house on the block, this little slice of heaven was always designed around care-free and easy-care Lakeside living, where unwinding indoors and outside with a glass of great wine to a backdrop of explosive full width Lake views, took priority over hours and hours of house work and upkeep!

- Make sure you bring your kayaks, your bikes, your rods & of course your togs
