Nestled in a quiet street, strolling distance to patrolled surf, promising views & potential plus!

A whisper quiet setting, within easy striking distance of our famous cave, club house, kiosk, summer weekend beachside bar and the most delicious golden sand and sparkling surf you'll find anywhere on the East Coast, just 1 hour North of Hornsby, we may be further away, but we have none of the traffic you'll encounter heading to the Central Coasts and Sydneys Northern beaches, so you can often arrive in the same amount of time or quicker, yet enjoy a more peaceful less stressful drive! Old school built with an immense amount of attention to detail and workmanship pride, sadly the skill set demonstrated here is rarely seen in the 70s, 80s and 90s builds more commonly offered in Caves, from its lovely high ceilings, to its wide set cornices, through to its yummy polished timber floorboards, generous room sizes and quality hardwood frame, the potential to extend forward, out back and up, or perhaps all 3 is incredibly real here, with foundations that will take a whole lot more u
