## Amazing Outdoor Living, Mammoth Proportions, North Facing Aspect, Outlook to La

Where do you find a 2 bedroom apartment, where the outdoor living and entertaining area is larger than an entire apartment in Sydney?

Where do you find a 2 bedroom apartment that boasts the same high end finishes and fit out as the 4 bedroom penthouse apartment that sold for \$1.8M, just three floors up?

The answer is here in Sterling, Lake Macquarie's Premier Apartment Twin Tower Complex.

For starters, the developer didn't contract the build out to the lowest bidder, he built it himself and he kept a number of apartments, with close family buying residences here too
